Algorithm and Flowchart
Chapter – 8
Worksheet – 1

1) A list of well defined instructions for completig a task.
   a) Algorithm
   b) Flowchart
   c) Loop
   d) If-else

2) A diagramatic representation of steps taken to solve a problem.
   a) Algorithm
   b) Flowchart
   c) Loop
   d) If-else

3) A set of instruction executed repeatedly till the condition is satisfied.
   a) If-else
   b) Algorithm
   c) Loop
   d) If-else

4) The symbol rounded rectangle used in flowchart means _____.
   a) Terminal Box
   b) Decision Box
   c) Input/Output Box
   d) Process Box

5) The symbol shaped as a diamond is _____ is flowchart.
   a) Terminal Box
   b) Decision Box
   c) Input/Output Box
   d) Processing Box

6) The symbol shaped as a parallelogram is _____ in flowchart.
   a) Terminal Box
   b) Decision Box
   c) Input/Output Box
   d) Process Box

7) The symbol shaped as a small circle is _____ in flowchart.
   a) Terminal Box
   b) Decision Box
   c) Connector
   d) Process Box

8) The rectangular box used in flowchart is _____.
   a) Terminal Box
   b) Decision Box
   c) Input/Output Box
   d) Process Box

9) A well written algorithm or flowchart helps in writing good _____.
   a) Programming
   b) Flowchart
   c) Algorithm
   d) Loop
