

Chapter 1: Super Senses

1. What is National Park?
2. What is IUCN?
3. Write the full form of NTCA?
4. Can human beings be a threat to nature?
5. How did the ants know that the other ants were not from its group?
6. How did the guard ant recognise this ant?
7. Have you ever been troubled by mosquitoes? Just think, how do they know where you are?
8. Have you seen a dog sniffing here and there? What do you think it is trying to smell?
9. Sushila covered her nose when she cleaned Deepak's nappy, but not when she cleaned her daughter. Why do you think she did this?
10. Is a smell 'good' or 'bad' for everyone in the same way? Or does it depend on how each one feels about it?
11. Now can you guess from what distance an eagle in the sky can see a roti on the ground?
12. Have you noticed that during the cold season you cannot see any lizard in the house? Where do you think they have gone?
13. The tiger is one of the most alert animals. And yet, today tigers are in danger. What do you think are some of the dangers to tigers in the jungle?
14. Give examples of animals that may have a very strong sense of sight, hearing or smell.
