Your teacher has given you some assignments. Create folders to organise the files in a proper manner.

1. Create two folders named 'Current Affairs' and 'Subject' in the C: drive.
2. Create four subfolders 'English', 'Social Science', 'Science' and 'Maths' inside the folder 'Subject'.
3. Change the name of the folder 'Maths' to 'Mathematics'.
4. Move the folder 'Current Affairs' from the C: drive to the folder 'Subject'.
5. Create a copy of the folder 'Subject' on the Desktop.
6. Delete the folder 'English'.
7. Restore the folder 'English' from the Recycle Bin.
