

SATISH CHANDRA MEMORIAL SCHOOL

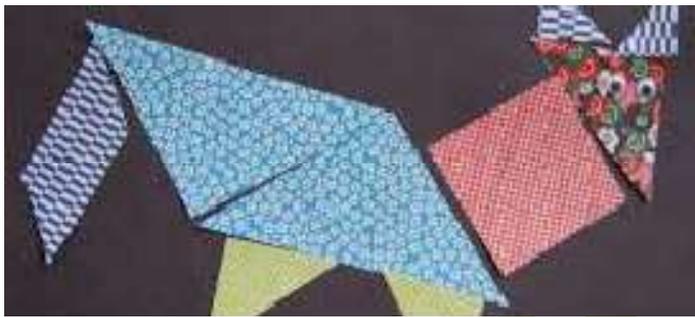

Class: VIII

ACTIVITY WORK

Theme of Activity: INTEGRATION OF MATHEMATICS WITH ART**WHAT IS ARTS INTEGRATION?**

Arts Integration is using the arts (music, visual art, dance, drama, and creative writing) to teach non-arts standards (language arts, math, science, and social studies.) Arts integration is a term applied to an approach to teaching and learning that uses the fine and performing arts as primary pathways to learning. Arts integration differs from traditional arts education by its inclusion of both an arts discipline and a traditional subject as part of learning.

Sample work shown in photograph given below.

**TOPIC: CUT GEOMETRIC SHAPES OF DIFFERENT SHAPES AND MAKE A COLLAGE**

PROCEDURE: Students will apply the concept of Polygon, quadrilateral, circle etc and cut colour papers in different geometrical shapes and make a collage by their own choice. They will do the activity in their Lab copy. (Students are advised not to do the same as sample picture given above)

MATERIALS REQUIRED: Colour paper, geometry box, gum, colour pencil, etc.

ACTIVITY TIME: 3rd June 2020 to 8th June 2020

WAY TO SUBMIT: Students will complete the activity in their Lab copy. When Scholl reopens they will submit to their respective subject teachers. Also they can mail the pictures of their activity to the email given bellow.
