

1) Do you find that all living beings need the same kind of food?

⇒ NO, all living beings do not need the same kind of food. Different living beings need different types of food according to their age, work, habit and taste.

2) Does everyone around you get enough food to eat? If not why?

⇒ NO, ~~eg~~ everyone does not get enough food to eat due to income inequality. Some people do not have enough purchasing power to buy enough food for their families. So, people with less income or no income face the problem to get enough food.

3) What are the ways we can think of to avoid wastage of food?

⇒ The ways are as follows:-

- check your daily food intake.
- Manage your food portions.

- plan your meals and make lists for required ~~ed~~ eatables.

- we should always look at storage options.

- There should be no leftovers.

- vegetable peelings and scraps must be thrown in the compost or worm farm.
