

SATISH CHANDRA MEMORIAL SCHOOL
CLASS III SUBJECT : MATHEMATICS
CHAPTER : SHAPES AND DESIGN (3D SHAPES)
WORKSHEET :- 24

Answer the following questions:-

1. How many vertices are there in a cube ?
2. How many edges are there in a cuboid ?
3. How many faces are there in a cylinder?
4. What kind of faces are there in a cube?
5. What kind of faces are there in a cone ?
6. Give two examples of each of the following:-
 - a) Cone
 - b) Cube
 - c) Cuboid
 - d) Cylinder
 - e) Sphere
7. Write the name of the 3D shapes which match with the following 2D shapes:-
 - a) Triangle b) square c) Rectangle d) circle

8. Who I am?

My shape has 2 curved edges

It has 2 circular faces

It has 1 curved face

A tin of beans is an example
